Courts Encourage Mob Law.

A severe law holding sheriffs and other officers in charge of prisoners directly responsible for the surrender of a prisoner to a mob, with the penalty of loss of office and ineligibility for holding office imposed for dereliction in this matter, should have a good effect, but that would not reach the root of the mob evil. As long as men are allowed to commit murder by "mob law" with impunity from punishment the force of law is undermined. When the law, of the courts that are charged with the administration of law, must make the humiliating and degrading confessions of inability to enforce the law, whether because of the insufficiency of juries or the deterring influence of community sentiment, lawlessness of all kinds is encouraged, and society is demoralized. When murderous mobs escape punishment, individual transgressors of law find it easier to escape justice. Lawlessness of one kind unpunished or ignored begets

lawlessness of other kinds and cultivates a general indifference to law enforcement and promotes an increasing habit of contempt of law and of the courts.—Nashville Banner.

COBB GETS OFF EASY

Jury Gave Him No Greater Shock Than a Life Sentence.

TWO WERE FOR DEATH

Verdict No Surprise, Considering the Difficulties of Convicting Nowadays.

The jury in the case of Herbert Cobb, the murderer of Miss Ella Cravens, brought in a verdict, Saturday morning, fixing his punishment at a life sentence in the penitentiary. The verdict was a compromise, two jurors holding out for death, while some were for 21 years and some for life.

The verdict was not unexpected, though there are many expressions of dissatisfaction. Admitting his own guilt as he did, it is hard to find any circumstances in Cobb's crime to call for any punishment but death.

FRANKS WON LOCALLY

Swept the O'Rear Men Off Their Feet Sunday.

It was easy sailing for Franks in the county convention Saturday and the 46 votes of Christian county in the Republican convention were instructed for E. T. Franks for Governor, the O'Rear men throwing up the sponge without a contest. They were out-numbered by such odds that there was no hope of success, Chairman V. M. Williamson was continued in the chair, with Ed Glass Secretary.

Attorney Gen. Breathitt made a speech and assumed leadership of the Franks forces, being assisted by Col. E. B. Bassett and others. The list of delegates was fixed up at the leisure of the chairman and in the interest of "harmony" some of the O'Rear men were put on under their promise to be good.

\$30,000 FIRE IN CLARKSVILLE

Located on Main street and Was very Destructive.

RAIN IN NICK OF TIME

Helped to Put Out What Would Have Been Great Conflagration.

Clarksville, Tenn., July 10.—At 12 o'clock Sunday a fire started in the cellar of Rubenstein & Schindler's dry goods store and in less than fifty minutes the large mercantile establishment was burned. The loss amounts to about \$30,000. Other losses were: L. N. Byers' insurance office, Dr. Goodman's medicine headquarters, the Jr. O. U. A. M. hall F. A. Dabney's undertaking establishment and several others.

For a long time it seemed that the business section was doomed, as the fire was located on the main street of the city and was burning fiercely, when a heavy downpour of rain came to the assistance of the fire department and what might have been the worst conflagration that ever visited the city was extinguished.

Civic Improvement League urges every citizen to help Tuesday, July 18, by coming to Airdome and Princess.

LAST OIL COMING

City Has Used 6400 Gallons at 4 1-2 Cents.

The street committee has ordered the ninth car of street oil, which will be the last one ordered. This will bring the amount used up to 64,000 gallons, the cost of which will be about \$2,700. The city bought \$600 worth for use in the business section and in front of public property and the citizens have subscribed 4 cents a front foot on other streets to the extent of \$1,000. This estimate made last year in thin oil has not been sufficient for the thick oil now being used and no more will be ordered at so heavy an expense to the city. A part of the coming tank has not yet been placed and those not booked still have a chance to get some of it while it lasts. It will be here this week.

Go to the Princess and Airdome Tuesday, July 18. Civic Improvement League will have charge that day.
